EXPERIENCE

Product designer

Freshworks

Dec 2019 - Present

- Redesigned the primary lead generation feature in Freshworks CRM used by 3000+ customers.
- I designed one of the key features of digital marketers (Landing page builder) in Freshworks CRM.
- I'm the gatekeeper of our component library and an active contributor to the Freshworks design system..

UI/ UX Designer

MaidSafe

Dec 2018 - Nov 2019

- Collaborated across teams to prototype, design and deliver the UI and UX experience with a lean design process (research, design, test, and iterate).
- Redesigned safenetwork.tech website with better visuals and content to improve clarity and attract page visits.
- Co-led in designing perpetual web browser(dApp) and Safe Network desktop application.
